Practice - Type: Small Animal Exclusive | Setting: Suburban

of Veterinarians - Full Time: 2 | Part Time: 0

of Techs - Licensed: 0 | Other: 5

Description: We understand the importance of having a healthy work-life balance, which is why we offer flexible scheduling with no on-call or after hour emergency shifts. Royse City Veterinary Hospital is a full-service Veterinary Hospital with the goal of helping client's pets live long, happy and healthy lives. We believe that a key element to a healthy pet is a great relationship with your veterinarian. Our newly opened hospital features a full in-house lab, ultrasound, digital radiography, and digital dental radiography. In addition, we have a mobile orthopedic surgeon, cardiologist, internal medicine specialist and diagnostic sonographer who routinely visit our hospital. We are committed to professional, caring, personalized service, and we take pride in our dedication to the highest standards in veterinary medicine. If you are searching for a practice that is committed to growth both personally and professionally, then we would love to speak with you!

Practice - Type: Mixed - Small Animal Predominant

Setting: Suburban

of Veterinarians - Full Time: 3 | **Part Time:** 2

of Techs - Licensed: 1 | **Other:** 8

Description: We are open 8-6 M-F, 8-12 Sat. We see very few emergencies. We are a busy practice. About 90% dogs and cats. Horses, goats, sheep, pigs, rabbits and birds make up the other 10%. We see 20-30 cases per day with 1-3 surgeries. We do most surgeries: ACL's, fractures, exploratory, tumor removals, cystotomy, c-sections. We have extensive in-house testing, digital radiography, ultrasound, laser, electrocautery, endoscopy and digital dental radiography. We are very active in canine reproduction with on-site frozen semen storage.

Practice - Type: Shelter Exclusive | **Setting:** Rural

of Veterinarians - Full Time: 1 | **Part Time:** 0

of Techs - Licensed: 3 | **Other:** 0

Description: San Marcos Animal Services is dedicated to protecting the pets and people of the City of San Marcos. Our mission is to care for, protect and find quality homes for abandoned and neglected animals, aid in the reduction of pet overpopulation, and provide community education for the mutual benefit of animals and people. The City of San Marcos Regional Animal Shelter is the stray animal open-intake facility for all of Hays County. This means we accept lost and owner-surrendered animals from all cities within Hays County.

Practice – Type: Mixed - 50/50 | **Setting:** Rural
of Veterinarians – Full Time: 1 | **Part Time:** 3
of Techs – Licensed: 1 | **Other:** 2

Description: Our practice has served the Shiner community for over 25 years. We see ~40% dogs/cats, ~40% beef cattle, ~20% Equine and other farm animals. We are a 3-DVM team that strives to provide high quality, modern, compassionate medicine. We offer ambulatory services and have offered emergency services for our clients in the past. Our small animal facilities offer 2 exam rooms, surgery room, lab area, treatment and kennel areas. We have a fully enclosed 5000 sq ft large animal barn w/ Flying W hydraulic tilt squeeze chute, hydraulic alleyway, working tub, and indoor pipe pens. We have 2 horse stalls and 2 sets of equine stocks in the barn. In addition, we have outdoor holding pens for larger groups of cattle. Fully-stocked truck with Bowie Vet Box for ambulatory work. State of the art in-house diagnostics include new IDEXX blood machines, Universal Imaging portable digital X-ray, New Esaote Portable Ultrasound, and Repro-scan Large Animal Ultrasound. We offer in-house AGID and ELISA Coggins testing.

Practice - Type: Mixed - 50/50 | **Setting:** Rural
of Veterinarians - Full Time: 2 | **Part Time:** 0
of Techs - Licensed: 0 | **Other:** 6

Description: We are a rural mixed practice that strives to provide excellent veterinary service to a close knit practice family. Our small town atmosphere provides opportunities to become well acquainted with our clients and their animals. We see a broad array of cases involving many species including exotics. We have a close knit staff and a good working atmosphere. Our community is rural but provides many entertainment opportunities and is an easy drive to several other metropolitan areas. Our practice equipment includes digital radiography, ultrasound (small and large animal), CBC, blood chemistry, phase contrast microscopy, hydraulic tilting cattle chutes, ambulatory vehicle, high speed dentistry (small animal and equine), etc.

Practice - Type: Small Animal & Exotics | **Setting:** Urban
of Veterinarians - Full Time: 1,000 | **Part Time:** 500
of Techs - Licensed: 1,000 | **Other:** 500

Description: Based in Birmingham, Alabama, Southern Veterinary Partners (SVP) is a veterinarian owned and operated network of animal hospitals throughout the country. Our mission is to be a community of veterinary teams providing personalized care with exceptional hospitality. SVP provides centralized support including, HR, finance, inventory management, and enhanced benefits to your team members. By leveraging our infrastructure, SVP allows the hospitals in our network to focus on medicine and their patients to facilitate best-in-class veterinary services and exceptional client experiences. The hospitals retain their names, culture, and local commitment to their communities as well as veterinarians and staff that provide their clients with high-quality veterinary care. Hospitals can also leverage SVP's growth resources, including marketing, recruiting, purchasing, a best-in-class business intelligence team, and regional operator support. With its remarkable growth, SVP employs over 5,000 employees.

Practice - Type: Spay/Neuter + Wellness (dogs/cats)

Setting: Multiple Settings

of Veterinarians - Full Time: 0 | **Part Time:** 7

of Techs - Licensed: 2 | **Other:** 10

Description: Founded in 2004, Spay Neuter Network is a nonprofit organization that operates a regional spay/neuter and wellness clinic in Crandall, Texas, two clinics in the Dallas/Fort Worth Metroplex, a mobile program, and a fleet of four surgical transport vehicles that pick up dogs and cats from all over town and transports them to and from our clinics for their free and affordable spay/neuter surgeries and basic wellness services. Our clients are pet owners who don't often have the resources to pay for spay/neuter and basic wellness services for their pets. We intentionally locate our clinics in historically underserved neighborhoods and offer free and affordable services and programs to ensure every pet owner—regardless of their ability to pay—has access to quality pet care. We provide services to more than 46,000 pets annually. Our clinics are open weekdays with occasional weekend vaccination clinic opportunities.

Practice - Type: Small Animal Exclusive | **Setting:** Suburban
of Veterinarians - Full Time: 4 | **Part Time:** 0
of Techs - Licensed: 4 | **Other:** 6

Description: 1) We always do the right thing. 2) We cultivate positivity, trust, and an accountable work culture. 3) We are committed to work-life balance. 4) We expect teamwork and effective communication. 5) We initiate excellent, unmatched client experiences. 6) We invest in educating clients and staff. By July 2023, our goal is to offset demand by hiring 3-4 DVMS to help support a 10-20% growth of our client base, doubling the amount of surgeries performed, and building a robust drop-off program to prepare for hospital expansion. By 2025, we aim to expand our footprint within our current lease space to accommodate existing and future growth. We would like to have 7 DVMS, 50 employees, 9 exam rooms, and extended hours until 8pm. 10-YEAR TARGET: Slowly grow into a large, multi-disciplined hospital that is open to creating satellite clinics, providing primary & urgent care to Conroe, The Woodlands, Magnolia, Willis, Spring, Tomball, and Huntsville.

Description: We are a small animal clinic established in 2016 and located in Edinburg, Texas. We strive to provide high-quality, comprehensive medical care to pet patients in a low-stress environment. We proudly practice gentle handling to protect the mental and emotional health of every patient that comes through the door. Wellness is our number one priority at VWC, for both patients and staff, so we're continuously searching for new ways to elevate our services and take care of our staff. Work-life balance plays a big role in employee wellness, which is why we've adopted a 4-day work week, no emergency/on-call services, and weekends/holidays off.

of Techs - Licensed: 3 | **Other:** 9

Description: Vista Vet-Animal Hospital & Pet Lodge has a new state-of-the-art, 9000 sq. foot facility. We value integrity, motivation, interpersonal skills, and put our patient's well-being and care above all else. We provide a family-centered, positive work environment with strong mentorship guidance. Mentorship, camaraderie, and learning are key components of our practice for our new graduates. Our team and doctors support and guide one another, while allowing a new graduate to grow and develop their skills and experienced veterinarians an opportunity to practice quality medicine. We provide a learning experience that will allow a veterinarian to not only foster their academic knowledge, but also explore the aspects of business, investing, and living a quality life. Our owners are involved and have over 30 years combined experience in developing practices and mentoring veterinarians. We believe in a team environment, and have an excellent Head Licensed Technician, and an experienced Veterinary Practice Manager.

of Techs – Licensed: 4 | **Other:** 5

Description: We are proud to be part of American Veterinary Group (AVG) hospitals. AVG owns and operates 100+ veterinary practices throughout the Southern United States. As a hands-on operator of hospitals, we know that people make the difference between a good practice and a great practice. We pride ourselves on encouraging our practices to make medical decisions at the local practice level. As such, we do not provide any company-wide medical protocols and rely on the expertise of our teams to make decisions that best serve their clients and teams. All of our practices are unique - from our small animal general practices, equine hospitals, and mixed animal clinics, to our UrgentVet locations, we see it all! We love to mentor and train, hosting many externs every year and bringing on new grad cohorts into our year-long mentorship program. We would love to discuss our current openings with you further to see if you might be a good fit for our team!

of Veterinarians - Full Time: 2 | Part Time: 2

of Techs - Licensed: 1 | Other: 6

Description: We are a small-animal practice in the Southeast Houston area that has been serving the community for over 50 years. We value our staff and work hard to create a pleasant atmosphere and environment where we can enjoy what we do. Our normal hours are M-F 8-6, and two Saturdays per month from 8-12. Our doctors each have one regular weekday off. We are closed Sundays and refer all after hours emergencies to a local emergency clinic. Typically, our appointments are scheduled 30 minutes for wellness or less-complicated cases and 30-45 minutes for sick or complex cases. We offer basic surgical services, but currently do not offer any orthopedic or specialty surgeries. Our hospital offers 5 exam rooms, separate cat and dog waiting areas & kennel areas, a surgical suite, treatment area with two wet tables, dental x-ray, a separate lab with digital X-ray and Idexx equipment (Catalyst, Procyte, Sedivue, Coag, SNAP readers), an isolation ward, and Cornerstone software.

Description: Animal Hospital of Collin County is an AAHA accredited practice that offers its clients top-notch medical, surgical, and dental care as well as a boarding facility ran by animal medical professionals since 1982. Here at Animal Hospital of Collin County, we pride ourselves on our commitment to education and utilizing modern tools and technology to solve modern day cases. Our hospital is equipped with high quality technology that includes Cornerstone practice management software, electronic medical records, a full in-house laboratory suite, CUBEX storage solutions, therapeutic laser, digital x-ray system, digital dental x-ray, ultrasound, Hotdog warming systems, Midmark multiparameter touch screen monitors, and much more! Our team consists of passionate individuals who treat each other like family, both inside and outside the practice. We value work-life balance, therefore there are no on-call or emergency hours at AHCC.

Practice – Type: Small Animal & Exotics | **Setting:** Suburban
of Veterinarians – Full Time: 2 | **Part Time:** 1
of Techs – Licensed: 6 | **Other:** 7

Description: AHO is a financially-healthy multi-doctor practice located in a fast-growing suburban region outside Dallas, Tx. Our technicians are licensed, certified, or have many years of experience – allowing our doctors to focus on diagnosing and treating patients. We are the only hospital in our region that treats exotics. Many hospitals in our area refer to us for diagnostics. We perform soft-tissue and some orthopedic surgery; have digital xray and ultrasound; and perform acupuncture. Staff have described us as a “unicorn” practice because our employees function as a healthy team. Come see what a dream practice is like!

Practice - Type: Mixed - Small Animal Predominant | **Setting:** Rural
of Veterinarians - Full Time: 1 | **Part Time:** 0
of Techs - Licensed: 0 | **Other:** 2

Description: We would welcome either a small animal veterinarian or a mixed animal practitioner. Our practice philosophy centers around friendly service and quality medicine. Digital Rads, Lasercyte CBC machine, Idexx Catalyst chemistry machine, ECG plus a multitude of other diagnostic tests. We do refer cases out but we try to do all we can here (fracture repair, cystotomies, pyometra, hernia repairs, c-sections, laceration repair, etc.) Although we primarily work on dogs and cats, we also see horses, cows, goats, and a rare pig. Our willingness to do house calls and farm calls results in our being able to practice large animal medicine with some frequency. We also have a horse barn with stocks and a cattle handling facility with a squeeze chute. Emergency calls would be shared equally. A great practice for someone eager to learn diverse medicine in a mixed animal clinic.

Description: Thriving modern five doctor veterinary practice located in Central Texas. We are an integral member of our community with a fantastic rapport with our clients. Our doctors enjoy being part of a highly trained and cohesive team backed by a strong and receptive management team. Doctors manage cases with a high standard of medicine free from the duties of being a manager. We are committed to providing excellent care along with a mentoring environment. Our culture of collaboration, mentorship, engagement, efficiency, attention to detail and life-long learners speaks for itself. Our fun-loving team and wide variety of cases ensure everyone will have an enjoyable time while making a positive impact in our community. We are in Harker Heights, Texas. All after-hours emergencies are handled by our local emergency clinic. We value work-life balance and ensure our team is well taken care of by having strong boundaries that align with this belief: work should complement your life, not be your life.

Description: At Banfield, we care about people and pets. Our mission is to revolutionize pet health and wellness, give back to our communities, and advance the veterinary profession — and that means you. Banfield started in 1955 as a small practice with big ideas about preventive care for pets. Now we're the largest general veterinary care practice in America, with more than 3,500 veterinarians at over 1,000 hospitals across the United States, including Puerto Rico. We care for more than 3 million pets every year. Banfield is committed to quality veterinary care. We strive to be a productive part of the community we serve. And we're dedicated to providing our associates with the tools, training, and support you need to excel and thrive. #bhere

of Techs - Licensed: 1 | **Other:** 4

Description: The mission of BARC Animal Shelter and Adoptions (BARC) is to promote and protect public health and animal care through sheltering, animal placement programs, pet ownership education, and animal law enforcement. BARC is dedicated to the humane, efficient, high-quality care of animals in our shelter. The entire BARC team stewards our mission with professionalism, responsibility, compassion, commitment, integrity, and accountability. BARC offers discounted wellness services for City of Houston families with animals. Animal parents can receive the following services: evaluation, microchipping, Distemper/Parvo vaccine, Rabies vaccine, Bordetella vaccine, and deworming for dogs. For cats, wellness can include evaluations, Distemper vaccine (feline), Rabies vaccine, deworming, and microchipping. BARC's Fixin' Houston Clinic is a low-cost spay/neuter clinic open to the public. There is no income level requirement to obtain services.

of Veterinarians – Full Time: 1 | **Part Time:** 1

of Techs – Licensed: 0 | **Other:** 5

Description: BVDH is proudly Privately Owned. As professional rural practitioners, we are located hours away from emergency services and specialists. We get to practice the full scope of veterinary medicine from puppy wellness visits to cardiac ultrasounds to splenic tumor removals and orthopedic repairs. Our on-site equipment includes (but is not limited to): CT Scan, ultra-sound, endoscopy, surgical laser, video otoscopes, complete in-house laboratory. These diagnostic tools are run by dedicated, trained technicians. Our training program includes bringing boarded specialists to us and attending conferences. Our “get it done” team makes veterinary medicine efficient, fun and rewarding. BVDH has generous PTO policy and pays 100% medical. Professional development is a core value. As such, we have a robust CE allowance which pays 100% travel and registration. For those who want to be a financial and thought leader in veterinary medicine, the opportunity is here.

Practice – Type: Mixed - Small Animal Predominant | **Setting:** Rural
of Veterinarians – Full Time: 2 | **Part Time:** 1
of Techs – Licensed: 1 | **Other:** 5

Description: Our Texas Veterinary Heritage Practice is owned and operated by Dr. Dennis Huebner who is a long-time resident of the area. He is a 34-year veteran who enjoys empowering people through mentorship. You can expect guidance and freedom as you enjoy growing in your profession with the help of our skilled technical staff and their combined 162 years of experience. Our facilities and equipment include digital X-ray, dental suite, anesthesia monitoring equipment, modern equine and cattle facilities, and comprehensive state of the art lab equipment. We offer a generous salary, plus benefits, average 40 hours of work per week, and a production bonus. Generous compensation is available for shared emergency calls, as well as the potential for management and ownership. We can offer a generous life/work balance with the potential to help pay back your school loans. We welcome new graduates who can help us as we build our new 10,000 sq ft facility which is in the design phase right now!

of Veterinarians - Full Time: 2 | **Part Time:** 0
of Techs - Licensed: 0 | **Other:** 12

Description: Campeche Cove All Animal Hospital (CCAAH) is located in the beautiful city of Galveston. While the majority of our patients are companion animals (dogs and cats), we also see exotics, birds, and occasional farm animals. Our commitment to the community runs deep, which is why our clients are treated with the utmost respect and often become like an extended family to us. We provide routine veterinary care and wellness, plus dental care, urgent care, and surgeries. We have radiography, dental radiography, cautery, and ultrasound equipment, as well as a high-speed dental unit and a well-equipped lab for blood, urine, and fecal analysis. We are closed Sundays, can rotate Saturday shifts, and have no overnight hours! Our veterinarians are great mentors and very friendly! As a clinic, we strongly emphasize respect and collaboration among all team members. We offer competitive pay and benefits, plus a beautiful island environment in which to work.

of Veterinarians – Full Time: 3 | **Part Time:** 1
of Techs – Licensed: 0 | **Other:** 6

Description: We are a true rural veterinary hospital seeing 75 percent small animal, 15 percent equine, 8 percent bovine and the occasional exotic. Our team of 4 doctors practice with modern technology and state of the art equipment while offering high quality, compassionate medicine. We offer a variety of services to our clients and are prepared to see ambulatory and emergency patients with a rotating on-call schedule. Our progressive practice utilizes digital radiography, Sopix dental digital radiography, GE ultrasound machine, and in-house IDEXX laboratory equipment. We are also a certified Coggins testing laboratory. Our practice is equipped with a nice waiting room, 3 exam rooms, surgical ward, laboratory area, treatment and kennel areas. Our large animal facilities offer an indoor equine stock and cattle working shoot. Chaparral Veterinary Center is located in a quaint town just 30 minutes south of downtown San Antonio.

Description: One of our core values is happiness is a mood; positivity is a mindset. We believe in this 100% and strive to maintain this type of culture at all times. Our promise is to inspire our team and clients to be the best versions of themselves through our dedication to excellence. Currently, we recently updated our practice management software to EzyVet, a cloud base software that will allow for better efficiency and more accessibility. Our future is bright as we are working with architects to design our brand new stand alone hospital right across the street from our current location. Our hours of operation are 7 a.m. to 7 p.m. Our doctors enjoy 4 work days a week that are between 8 and 9 hour shifts with 30-minute appointments. There is no on-call and we have up to date diagnostics and treatments including ultrasound, dental radiographs, therapeutic laser, acupuncture, Abaxis in house blood machine and urine analyzer, and more!

of Techs – Licensed: 2 | **Other:** 15

Description: Colonial Park Veterinary Hospital is a very busy small animal practice that's been a fixture of the community we serve for over 45 years. We are a general practice, but due to our walk-in only model we operate largely as an Urgent Care facility. We never know what might be walking in the door and see a high volume and wide range of cases. We have high-quality diagnostic capability available on-site with digital radiography, ultrasonography, and GE 16 slice CT scanner, along with the latest in Idexx technology at our fingertips in our fully equipped in-house laboratory. We encourage a hardworking team atmosphere that boasts collaboration and cooperation amongst doctors and support staff. To facilitate work/life balance, DVM schedules boast a 4 day work week with rotating emergency call every 4-5 weeks. We are continually growing in multiple aspects of the practice and welcome the opportunity to open our doors to prospective team members.

of Veterinarians - Full Time: 2 | **Part Time:** 0

of Techs - Licensed: 2 | **Other:** 4

Description: County Line Animal Hospital is a busy mixed animal practice (about 90% small and 10% large) in Adkins, Tx, which is a rapidly growing area just east of San Antonio between Adkins and La Vernia. We moved into our new 5600 square foot facility in 2017. Our clinic has digital radiographs, digital dental radiographs, in house blood chemistry analyzers, and a K laser. Each doctor would have a four day work week and rotate Saturdays, having two doctors on most Saturdays. On call is split between the doctors with flexibility for needed time off. We are close enough to specialty and emergency clinics in San Antonio for small animal and equine for those patients that need referral. Farm call vehicle provided. Compensation will include a base salary with the opportunity to earn more based on percentage (higher percentage for after hours), membership dues, professional liability insurance, DEA license fee, 8 paid personal days, continuing education compensation up to \$1,500, and a signing bonus.

Practice – Type: Small Animal Exclusive | **Setting:** Suburban

of Veterinarians – Full Time: 4 | **Part Time:** 0

of Techs – Licensed: 0 | **Other:** 20

Description: We promote and encourage growth for all of our staff and their interests. Our support staff is used to the fullest, allowing our doctors to truly focus on practicing medicine and performing surgery. Within the practice we have a referral practice - Infinite PawsAbilities (IPA) Veterinary Rehab and Conditioning. IPA offers a wide variety of therapies, including an underwater treadmill, shockwave therapy, gait training, acupuncture, chiropractic therapy and herbal therapy. We are currently installing a pool to be used in the rehab practice and also to allow individuals to rent for their pets to learn to swim and for dock diving practice. We have a board-certified ophthalmologist who rents space weekly who loves to teach as well. We have all of the standard, expected equipment such as full in-house lab, digital x-ray, digital dental x-ray but we also have things such as the Heskaview cytology analyzer, sedivue, fecal analyzer, a surgical laser, and shockwave, and endoscopy. Hours: 7:30-6 M-F. No after hour emergencies.

Contact: Leslie Ross

Practice – Type: Mixed - Small Animal Predominant | **Setting:** Urban

of Veterinarians – Full Time: 3 | **Part Time:** 1

of Techs – Licensed: 2 | **Other:** 7

Description: Creek View Veterinary Clinic has 4 veterinarians on staff offering care to small animals, exotic pets, small ruminants and equine. Our mission is to instill the confidence and trust to know that we will treat their pets as if they were our own and to provide our team with a comfortable, fulfilling, rewarding work environment. Our practice is support staff heavy at 5 support staff members per veterinarian (a ratio we intend to maintain even with a new doctor added). We have extensive in-house laboratory equipment, digital radiography, ultrasound, and our large surgical facility is commonly busy with not only routine procedures, but various soft tissue and orthopedic procedures as well. Benefits include paid vacation, healthcare, matching 401K, pet care, and more! Signing bonus and relocation package offered and salary commensurate with experience. New Braunfels is located halfway between Austin and San Antonio in the Texas Hill Country, offering many amenities of the big city.

of Veterinarians - Full Time: 2 | **Part Time:** 1

of Techs - Licensed: 0 | **Other:** 5

Description: We offer a beautiful, state of the art, and award-winning facility, a team of knowledgeable, caring, and compassionate pet lovers and a warm and welcoming atmosphere for you and your furry friends. Our clinic was founded in 1994 and we are so blessed to be caring for third generation clients and their pets. We are a 3-doctor practice and we are searching for that special person to become our fourth veterinarian. We offer excellent mentoring opportunities for new graduates. We will always be there for you as you navigate our wonderful profession. We want you to love being a veterinarian as much as we do. Our office hours are 9:00 am - 6:00pm. We are closed on Saturday and Sunday. We are fortunate to have 4-5 emergency clinics within 30 minutes of us, so we don't see any after hour or weekend emergencies. Each doctor usually sees 12-15 patients a day. We understand that you have a life outside of the clinic and we all support your work-life balance.

Description: At Crossroads Veterinary Clinic, you will thrive in a family environment committed to excellence, learning, and mentorship. We are a privately owned mixed animal practice, focus on small animal with some large animal opportunities. Our veterinary professionals strive to provide the best care and high-quality medicine while attaining personal relationships with our clients. We stay on the front edge of veterinary medical advancement with capabilities to do orthopedic surgeries and referral board certified veterinary dentistry. We are equipped with digital radiography, ultrasonography, and in-house Idexx lab. We are located only 30 miles from Lake Ray Hubbard in Rockwall and a short 50 miles from Dallas. We are close enough to the big city with a hometown feel. We can't wait to connect with new graduates and make lasting relationships!

Contact: Dr. Bridget A. Heilsberg

Practice - Type: Equine Exclusive | **Setting:** Rural

of Veterinarians - Full Time: 1 | **Part Time:** 1

of Techs - Licensed: 2 | **Other:** 3

Description: Crown 3 Equine is an equine predominant practice located in the heart of Horse Country USA in Whitesboro, TX. The practice is a combination of ambulatory services and brick & mortar facility. With its large support staff, many of whom work from home using an alternative practice management model, veterinarians and veterinary students are able to focus on the business of being a doctor. Technician and technology utilization generates an efficient daily practice routine, and while emergency calls occur, lunch breaks and down time is plentiful. Digital radiology, therapeutic laser, full in-house blood analysis, and the ability to hospitalize mid-level care cases ensures a wide array of case experiences over the course of any visit. Veterinary students are provided housing if needed, and will have an equal share in any after hours work to allow for time to explore the North Texas area. Students are also expected to actively participate in treatments, diagnostics, case workup, and development of treatment plans.

Practice - Type: Mixed - 50/50 | **Setting:** Rural
of Veterinarians - Full Time: 1 | **Part Time:** 2
of Techs - Licensed: 1 | **Other:** 6

Description: Cuero Veterinary Clinic in Cuero, Texas, is a busy mixed-animal practice with our clientele being 50/50 large and small animal. Located in south central Texas, Cuero offers a small-town vibe while being only a short drive from the Texas coast and larger cities such as Victoria, San Antonio and Austin. Here at Cuero Veterinary Clinic, we offer most amenities consistent with any mixed animal practice including in house blood work and ultrasound capabilities along with a newly remodeled clinic and growing clientele. Along with these amenities comes a highly motivated and friendly staff with a great retention rate. Offering competitive salary, benefits including retirement, CE allowances, and membership dues all available and negotiable. Our hours of operations are Monday - Friday 7:30 am to 5:30 pm and closed Saturdays and Sundays with a rotating after-hours duty. We look forward to showing you "our town".

Practice - Type: Mixed - Small Animal Predominant | **Setting:** Rural
of Veterinarians - Full Time: 4 | **Part Time:** 0
of Techs - Licensed: 0 | **Other:** 10

Description: We have a clientele that desires and expects high quality medical care. They allow you to do the diagnostics needed which include in-house bloodwork, Dr.digital radiography, ultrasound, therapeutic laser, Midway dental unit, and surgical monitor. We also have access to Sonovet mobile ultrasound and plenty of close referral clinics for the cases that need that next step. Office hours are M-F 7:30-5:30. DVM's have one full day off each week. They also rotate through weekend duties working every 3rd Saturday 8-12. Small animal emergencies are referred to area emergency clinics and the few large animal emergencies are divided b/tw doctors. Appointments are usually 20-30 minutes based on complexity of the case but will be longer initially for a new graduate. We have a family atmosphere and believe in having fun and laughing while at work. Plans to start construction of a new 10,000 sq ft office will hopefully start this fall. We are interested in hiring at least 1 new graduate from the class of 2023.

Description: It is important that we are able to offer our clients the services and hours they are seeking, while still honoring our veterinarian’s time and family life. We value your time off and with our multi-doctor practice we’re able to accommodate many different and flexible schedules. Deer Park Animal Hospital is an AAHA accredited hospital that has been in business since 1975. We offer routine and advanced surgeries as well as dental procedures. Along with orthopedic surgeries we also offer physical rehabilitation, acupuncture, and cold laser. We cater to dogs and cats, but also serve avian, exotic and small mammals. We provide advanced diagnostic capabilities which include in house and reference laboratory, ultrasound and digital radiology. We offer a Pro-Sal based compensation packaged with great benefits. These benefits, include health, vision, dental, 401 K matching, and pet care. No after-hours emergencies required. And of course, vacation time and CE time is a must!

Practice - Type: Emergency Exclusive | **Setting:** Suburban

of Veterinarians - Full Time: 4 | **Part Time:** 6

of Techs - Licensed: 1 | **Other:** 24

Description: We are a very busy, after-hours emergency hospital looking to go 24/7 in the future and located in the Dallas-Ft. Worth region of North Texas. Our mission is to provide excellent, high quality emergency care to every animal who comes through our doors. Practicing compassionate care since 2002, we are located in a ~7600 sq. ft. facility that includes digital radiography, ultrasound, endoscopy, ventilator support, three Snyder ICU units, multiple isolation wards, two trauma rooms, comprehensive in-house lab and much more. We are PRIVATELY owned and able to help ALL of our patients/clients, regardless of financial constraints which takes away economic euthanasia as a dilemma for the clinician. Doctors are paid an hourly rate with NO production.

Description: We are located hours away from emergency services and specialists, so we get to practice the full scope of veterinary medicine from puppy wellness visits to cardiac ultrasounds to splenic tumor removals and orthopedic repairs. Our on-site equipment includes (but is not limited to): CT Scan, ultra-sound, endoscopy, surgical laser, video otoscopes, complete in-house laboratory. These diagnostic tools are run by dedicated, trained technicians. Our training program includes bringing boarded specialists to us and attending conferences. We are honored to care for the 90+ military canine and equine – Border Patrol, Customs Border Protection, Sheriff’s Department, and Department of Public Safety. Surrounding ourselves with highly dedicated professionals allows veterinarians to do what they do best – medicine! EVDH has generous PTO policy and pays 100% medical. Professional development is a core value. As such, we have a robust CE allowance which pays 100% travel and registration.

of Veterinarians - Full Time: 2 | **Part Time:** 0

of Techs - Licensed: 0 | **Other:** 4

Description: We are a well-established 2-doctor hospital serving the Cypress area's small animal health needs for over 20 years. Our growth has necessitated the addition of a 3rd doctor to the practice in order for us to continue providing the excellent service and quality medicine we pride ourselves on. We have an experienced support team that offers a 2:1 staff to doctor ratio, allowing doctors to focus on the true medical aspects of their diverse case load. Our doctors typically work a 4-day week. Hospital hours are M-F 8-6, Sat 8-2, Closed Sundays - with no on-call duty. Our state of the art facility offers: a Full Idexx lab; Digital radiography; Cold laser therapy; Expansive surgical suite; Special procedures suite; ICU ward; Isolation ward; and Many other amenities. We offer a competitive salary and benefits that include: Health, Dental and Vision insurance; Retirement savings with matching; Local, State, National dues; State and DEA licenses; Professional liability insurance; CE allowance; and a Generous vacation package.

of Veterinarians - Full Time: 6 | **Part Time:** 1

of Techs - Licensed: 3 | **Other:** 12

Description: Firehouse Animal Health Centers is a group of full-service small animal general practices offering high-quality medicine and exceptional client service in Austin, Texas and Denver, Colorado. We combine state-of-the-art medical care, innovative design, thoughtful communication, excellent client service and a focus on total wellness to create comfortable, stress-free experiences for people and their pets. We invite you to learn more about externships and associate veterinarian opportunities at our hospitals. We are looking for doctors and students who want to work in a high-quality small animal practice, have a positive outlook and love connecting with clients, and are ready to jump in and grab opportunities to learn as they come your way. We offer a collaborative team environment and take a personalized approach to mentorship for doctors of all experience levels. Our externship program is open to vet students in any year, and we host externs year-round for 2-4 weeks per student.

Practice – Type: Emergency Exclusive | **Setting:** Suburban

of Veterinarians – Full Time: 11 | **Part Time:** 2

of Techs – Licensed: 3 | **Other:** 20

Description: Frisco Emergency Pet Care (FEPC) is an independently-owned, 24/7 emergency practice in an affluent suburb of Dallas. We opened the doors in July 2016 as a “nights & weekends” hospital, but needed to provide care for our hospitalized patients during the day and went 24/7 two years later. We’ve grown from 2 doctors to 11, and need more to provide the exceptional care we deliver while maintaining a healthy balance for all staff. Our doctors have well over 100 practice years under their belts, and mentoring the next generation is important to us- new graduates are never placed on shifts by themselves.

Description: Our mission is simple: Improve the lives of Veterinarians. We specialize in General Practice with high-quality medicine. First, we work with you early to find a perfect cultural fit for you as you plan your career. We offer paid externships, customized mentorship instruction to help you master your skills, generous compensation, and comprehensive benefits to make sure you are supported as a new graduate. Our opportunities include both small and mixed animal practices with doctors that are excited to mentor recent graduates in both urban and rural settings. We have a variety of associate opportunities throughout the Midwest, MidAtlantic, Central Plains, South, Southwest and Southeast (expecting further expansion). We also have a variety of externship opportunities for all classes across Texas (and 20 other states) with mentors who are trained to provide the skills you will need to master success when starting your journey! We are thrilled to get to work with you and help you work toward your dream job!

Practice – Type: Small Animal Exclusive | **Setting:** Suburban

of Veterinarians – Full Time: 6 | **Part Time:** 5

of Techs – Licensed: 3 | **Other:** 30

Description: I-20 Animal Hospital is a hybrid practice that offers general practice and a 24/7 emergency service. Our philosophy is to provide excellent client service by treating patients as if they were our own using the “Right Care, Right Now” motto. We have cutting edge equipment, including an in-house lab that features CBC, chemistry, urinalysis, coagulation, blood gases, and digital cytology to have immediate access to board certified pathologists. Imaging includes digital radiology, ultrasound, CT scan, and endoscopy. We provide an outstanding learning environment for externs and new graduates as our doctors enjoy mentoring and sharing their interests with new veterinarians. Special interests on our team range from dentistry, exotics, and emergency, to critical care, surgery and wellness. Come and join our team to continue to appreciate and deepen your love for veterinary medicine, while still enjoying work/life balance for yourself!

Practice - Type: Mixed - Small Animal Predominant | **Setting:** Rural

of Veterinarians - Full Time: 3 | **Part Time:** 0

of Techs - Licensed: 0 | **Other:** 3

Description: We are a small, thriving 3 DVM mixed-practice located just 45 minutes southeast of Dallas, TX. We service Kaufman county with affordable care and surgeries. Our current working hours are Tuesday-Friday 8am-12pm and 1:30-5:30pm, and Saturday 8-11:30am. We do not offer after hour services, so we don't have to worry about being on call in the evenings, during holidays, or our 2 _ day weekends. We see appointments and some walk-ins throughout the day, while also doing routine spay/neuter/general surgeries. We use Cornerstone software, have digital film radiography, and our own Idexx machines for in house bloodwork. The large animal portion of our hospital has a hydraulic chute, steel stocks, cattle runs, and stalls for patient care. We see all farm livestock for general issues, branding, dehorning, vaccines and health papers.

Practice – Type: Mixed - Small Animal Predominant | **Setting:** Rural
of Veterinarians – Full Time: 4 | **Part Time:** 1
of Techs – Licensed: 1 | **Other:** 10

Description: Our practice is 95% small animal with some large animal including horses, cattle, small ruminant, swine and whitetail deer. Our 7 year old clinic is a well equipped full-service hospital with digital radiology, new GE ultrasound, tonometry, and in house blood and urine testing equipment along with state of the art patient monitoring equipment and a top of the line surgical suite. Kerrville is a great town to raise a family with good schools and low crime. Gateway to the Texas hill country for enjoyment of area beauty and recreation. Short distance from San Antonio and Fredericksburg, Texas. We have a clientele that allows us to practice quality medicine with advanced procedures commonly performed. We also have access to a traveling specialist surgeon that performs advanced small animal procedures (like TPLOs) in house and traveling ultrasonographer to provide our clients with the best available surgical procedures and diagnostic tools.

Practice - Type: Mixed - Small Animal Predominant | **Setting:** Rural

of Veterinarians - Full Time: 2 | **Part Time:** 0

of Techs - Licensed: 0 | **Other:** 5

Description: Lone Oak Veterinary Clinic is a private practice established in 2002. LOVC is an active full service predominantly small animal practice. We currently work Monday through Friday 8am-5pm. Philosophy: Our goal is to provide the highest quality veterinary care in the area. We believe it is better to maintain a reasonable workload rather than rapidly cycling clients through their appointment times. We also believe that time off is essential for personal health and well being. Job Description: We perpetuate the concept that a degree in veterinary medicine gives you many options for your daily practice. Small animal practice comprises 98% of our business. We are open to increasing services to our clients that an associate has a passion to provide. Local Community Development: Lake Ray Roberts has attracted an excellent clientele for veterinary medicine. Larger properties and wooded subdivisions have been built around our practice.

of Veterinarians - Full Time: 5 | **Part Time:** 0

of Techs - Licensed: 0 | **Other:** 20

Description: We are excited to have you apply as a new associate with our growing team of doctors! We have an ample mentorship opportunity paired with a work/life balance that all of us can appreciate. This is an exciting opportunity for a new graduate who is looking for the mentorship to grow, yet flexibility to show your personality in practice. Long Drive Dog and Cat Hospital has a unique role in the Houston area as a general practice that offers clients routine medicine, surgery, dentistry, DR radiology, emergency medicine, and much more. Our doctors see a diverse clientele with pets that need a DVM who is willing to do more than routine vaccines. Want to provide surgical experience or learn new surgical skills? Your ability is the only limit. We value diversity and uniqueness in our skilled employees. We are dedicated to your growth and will provide opportunities for new learning. See our ad at jobs.avma.org and look for us at the job fair!

Practice – Type: Small Animal Exclusive | **Setting:** Suburban

of Veterinarians – Full Time: 3 | **Part Time:** 0

of Techs – Licensed: 0 | **Other:** 14

Description: We opened our practice in February 2010. Currently have 3 full time veterinarians. We are a small animal practice with focus on the best possible care for our patients including routine services, surgery and boarding. We are nestled in the piney woods near the beach, lakes, hunting and hiking locations. Our clinic hours are Monday to Thursday, 7am to 530pm and Friday, 7am to 5pm. Typically the schedule is about 20-25 appointments per veterinarian in a given day. On surgery days it is about 8-10 surgeries. Our veterinarians rotate surgery days. We utilize Idexx and Zoetis for in house diagnostics, digital imaging, stem cell and laser therapy. We have 2 adjoining buildings for a total of 9 exam rooms, 3 surgery rooms and 2 spacious treatment areas. After hours emergencies are referred.

Metro Paws Animal Hospital

1910 SKILLMAN ST
Dallas, Texas 75206

Phone: (214) 887-1400 | **Email:** dallasmetropaws@gmail.com

Website: <https://mpahvets.com>

Contact: Dr. David Deresz

Practice - Type: Small Animal Exclusive | **Setting:** Urban

of Veterinarians - Full Time: 13 | **Part Time:** 0

of Techs - Licensed: 0 | **Other:** 45

Description: Metro Paws is an organization of 3 practices within central Dallas (Oak Cliff, Skillman, & White Rock). Each practice is slightly different in regards to clientele and case distribution but are all busy, productive hospitals. Our advanced medicine, high standards, core values, and support staff enable our veterinarians to be efficient doctors. We have a mentorship program set in place that gives you the time and direction on how to become a great, well-rounded veterinarian. Diagnostics such as in-house blood work and urinalysis, digital radiography, abdominal ultrasound, and echocardiograms complement our ability to perform a variety of soft tissue and orthopedic surgeries, work up internal medicine cases, and handle emergencies and urgent care. Learning opportunities are available and professional advancement is encouraged. In 2020, we partnered with Innovetive Petcare, a mid-sized corporation, maintaining local culture and control but help with improved benefits, HR, marketing, and vendors.

Practice - Type: Mixed - Small Animal Predominant | **Setting:** Rural
of Veterinarians - Full Time: 3 | **Part Time:** 0
of Techs - Licensed: 0 | **Other:** 15

Description: Our clinic is a very busy 3-doctor practice. We are 85% small animal and could employ a strictly small animal vet or mixed. Our clinic sees a wide variety of medicine cases as well as C-sections, fracture repairs, ACL repairs, ear crops etc. The clinic has a hydraulic squeeze chute and covered cattle pens. We have Idexx in house lab, ultrasound, therapy laser and digital X-ray. We are wanting to add a fourth veterinarian so we can all have a healthy balance of work and personal life. Each veterinarian has a full day off during the week and a 3 day weekend once a month. We see emergencies until 10 pm and schedule will be shared among 3 vets. You will receive percentage of emergency ticket minus drugs. Our clinic does prefer appointments but we also take walk-in appointments during certain hours of the day. We would consider full time or part time associate. We pride ourselves in the fact that we pay associates salaries that are above the national average.

Description: Neighborhood Veterinary Centers (NVC) is a network of Texas' most knowledgeable veterinarians, here to bring the next level of exceptional pet care to your neighborhood. Founded on small town values, our clinics take root in the mission to inspire pride in the communities we serve while raising the standard of animal care. We were founded and are led by Dr. Brady Hanson – a renowned veterinarian and orthopedic surgeon. We are dedicated not only in quality routine services that keep your pets happy and healthy, but also to advanced surgical procedures for our friends who require extra care. We're so excited to be in your communities, and we can't wait to shake your hand (or paw)!

of Veterinarians - Full Time: 3 | **Part Time:** 2

of Techs - Licensed: 1 | **Other:** 7

Description: North Tyler Veterinary Clinic is a well established clinic on the North side of Tyler, located directly off of Loop 323. We are a mixed animal practice and serve roughly 85% small animals and 15% large animals. NTVC has been committed to providing quality animal care since 1977. Our clinic's current full time and part time doctors have a combined total of over 100+ years of experience and are happy to mentor newly graduated applicants. We see patients on walk-on basis from 8-5:30 M-F & 8-12 on Sat. We stop seeing exams an hour before closing. Rotating weekly emergency on-call for large animal clientele.

Practice - Type: Small Animal Exclusive | **Setting:** Urban

of Veterinarians - Full Time: 6 | **Part Time:** 0

of Techs - Licensed: 4 | **Other:** 5

Description: We are a small animal exclusive practice is a rapidly growing area on the near Northwest side of Houston, just outside the 610 loop. Our practice is progressive and strives to achieve the most current and progressive veterinary medicine. Quality of life and work life balance are also important to us as we are privately owned. Our practice has been around since 1964. We offer a 4 day work week, no weekends, and a benefits package and revivals (and in many cases exceeds) those offered by a corporation. We have lots of experience mentoring new graduates in recent years.

of Veterinarians – Full Time: 2 | **Part Time:** 0
of Techs – Licensed: 1 | **Other:** 3

Description: Oliver Animal Hospital is a locally owned veterinary hospital in Austin, TX. We have been serving our community in SW Austin since 2006. We don't come to work to punch a clock. To us, caring for pets is a calling. We have attracted such talented professionals because we prioritize professional and personal growth for our employees. The people of OAH are not only passionate and uncommonly talented professionals, they are cohesive, collaborative, and genuinely enjoy being around each other. And we are all aligned by a simple mission: to care for every pet, every time, like they were our own. Our facility is state of the art, fully equipped with EzyVet cloud-based software, digital radiology, ultrasound, high speed dental equipment with digital dental x-ray, full surgical monitoring equipment and full Heska in house laboratory. We offer a competitive salary, insurance allowance, CE allowance, and flexible work schedule. CLOSED on Saturdays.

Practice - Type: Mixed - 50/50 | **Setting:** Rural
of Veterinarians - Full Time: 1 | **Part Time:** 1
of Techs - Licensed: 0 | **Other:** 4

Description: Our practice was established in 1959 and we are very well known for our great relationships with our clients and the services we perform for their pets and livestock. We are open M-F 8-5, with a one hour lunch. On average, we see 15 appointments and perform 5 surgeries a day and we have been booking out 2 weeks in advance. We see a variety of species including, but not limited to, dogs, cats, cattle, horses, pigs and goats. We have also seen the occasional sheep, deer, chicken, and guinea pig! We offer in-house diagnostics including blood chemistries and panels, SNAP testing, fecal screening, and digital radiographs. We currently do not offer ultrasound, but we are open to it. Laboratories we use are TVMDL and IDEXX. We do offer emergency services during business hours and have occasionally stayed after-hours. We do not have on-call services for after hours or weekends, but we are open to it. Our employees are offered paid time off for both sick time and vacation, as well as paid holidays!

Practice – Type: Small Animal & Exotics | **Setting:** Suburban
of Veterinarians – Full Time: 1 | **Part Time:** 0
of Techs – Licensed: 1 | **Other:** 5

Description: We are perfectly placed halfway between New Braunfels and Seguin, TX off Hwy 46. The hospital is located on approximately 7 acres of beautiful country side. Our staff and clients love the atmosphere. Being full service, we provide emergency, sick and wellness care. Surgery is performed 3 days a week in the mornings. Hours: M-F 7:30–5:30. We predominantly treat canines and felines but do have a healthy mix of reptiles, avian, pocket pets, ovine and porcine. We have full in-house bloodwork machines, digital radiology, ultrasound, laser, Snyder oxygen kennels, cat only exam room, surgery suite and a large custom boarding facility. Given the large outside area, if the pet is more comfortable, we also perform outside examinations. We are not afraid to slow down and capture a teaching moment with each other and with clients. We would be an amazing place for a new graduate given the variety of cases we manage along with our passion for teaching, education and team growth. Pet's Choice—its the best choice!

Practice - Type: Mobile Practice (clinic for surgery, etc.)

Setting: Multiple Settings

of Veterinarians - Full Time: 3 | **Part Time:** 4

of Techs - Licensed: 2 | **Other:** 8

Description: We're an at-home, on-demand veterinary care provider focused on improving the veterinary experience for clients, patients, and practitioners. Each veterinary doctor/technician team is provided a company vehicle to do in-home primary care and wellness visits. We currently have clinic locations in Uptown Dallas and McKinney, with plans to open more. Each clinic is outfitted with a full set of diagnostic equipment, x-ray, and suites for dentals and simple surgeries. Our veterinarians typically see 7-8 mobile appointments per day, and 2-5 surgeries on their surgery days depending on the type of procedures scheduled. Our hours are 9-5, with no nights, weekends, holidays, emergency, or on-call. ReadivVet offers a starting salary above market rate, production bonuses, paid time-off, holidays, and a full benefits package including medical, dental, and vision coverage plus 401k matching.
